

DELTA ISLANDERS BOX LACROSSE

SEASON OF PLAY

Mini-Tyke, Tyke	April-June
Novice	April-July
Pee-Wee	April-July
Bantam	April-July
Midget	April-July

Practice and evaluations for Novice through Midget divisions will begin in early February and run to the beginning of March. Because evaluations are very necessary at these levels it is important to attend or if you are not able to attend to contact your division manager.

Novice is the level where competition begins. Evaluations are necessary so players are placed at the level of play that is correct for them.

Practice sessions for Tyke and Mini-Tyke will start at the end March. Tyke and Mini-Tyke are non-competitive leagues and will be split into balanced groups.

FREE LACROSSE STICK TO ALL FIRST TIME MINI-TYKE PLAYERS

Please note: All players will be wait-listed if necessary, until we are able to determine how many teams we are able to form. Players will be removed from the wait-list in the order that they register. The number of teams that we are able to put forward is directly affected by the number of coaches we have and available floor time.
